An Overview

A non-political, non for profit, secular and development oriented grass root level organization active legally since 2010 playing role as development facilitator as professional as participatory way towards people's sustainable development. SVST believes that integration is one of the key words of development approach; the experience and knowledge of the past decade have convinced the organization about the importance of interdependence and integration. A drinking water well, watershed management, Farmers groups, Women groups, various development committees, the mobilization of the youth as agents of change in their communities, collectively trigger and provide a fertile ground for a new mindset that will nourish the villagers' motivation for a development that is rooted within the community itself. The outcome of SVST's community development implementing the principle of integration has not been achieved in isolation, it has been developed through the support and contribution of many people of the society, those who were part of SVST in the past and those of the present, in this quest for human solidarity and sharing, members of the committee, donors, volunteers, workers and well wishers.

Vision:

SVST platform is long for a just and peaceful society in which each individual and each community is empowered and self-reliant; where human dignity, equal rights and equal opportunities are enjoyed by all and after which, may people feel proud being Indian as Ideal country citizen.

Mission:

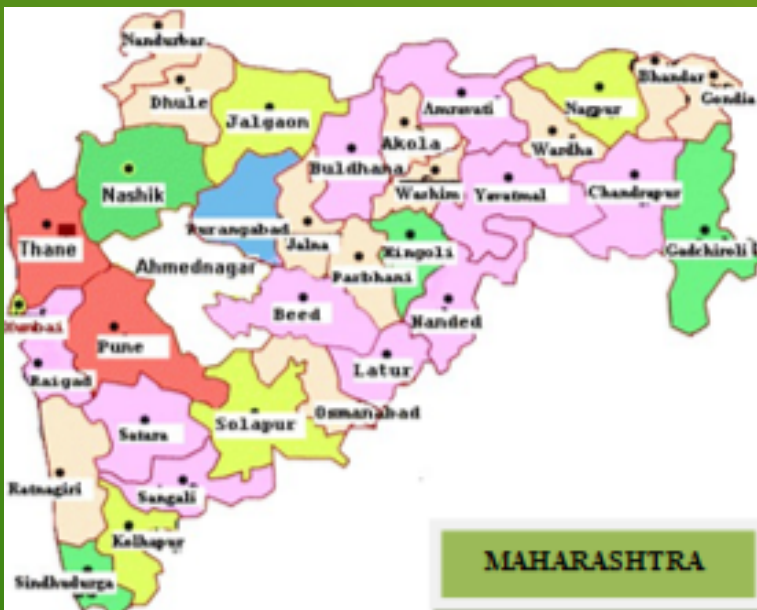

- SVST is dedicated to promoting empowerment of people, protection of the environment, and respect for cultural diversity. The organization focuses its initiatives on committed grass roots organizations that rely strongly on volunteer efforts and where SVSTs service will make a significant difference.
- Its purpose is to build the capacity of nonprofit organizations to achieve mission- driven results. Since 2010, it has been providing quality, affordable management consulting and board recruitment services to remarkable numbers of nonprofit groups.

- It supports and strengthens the development process of the poor communities particularly in Maharashtra, by: helping the poor to help themselves through development programs.
- Providing soft technical support to agencies, institutions and organizations involved in people's development.

Values:

The platform is running with people's participation all the time, thus it has been able to follow the concept by the people for the people and of the people. SVST is guided by loyalty, professionalism, transparency and commitment.
